January 12, 2011

His Worship Rick Goldring
Mayor
City of Burlington
426 Brant Street
PO Box 5013
Burlington ON L7R 3Z6

Dear Mayor Goldring:

Our governments have worked collaboratively to implement the Infrastructure Stimulus Fund program which has benefited hundreds of communities across the province and provided much needed stimulus investment for the economy.

Over the course of project implementation, municipalities have identified stimulus projects as coming in under budget and have approached Canada and Ontario to carry out additional projects to utilize these savings. Both the governments of Canada and Ontario are committed to getting these stimulus funds spent to create even more jobs and support the use of the stimulus funds for new projects.

We are pleased to inform you that the following project has been approved, subject to the execution of an amending agreement to your existing Contribution Agreement, for funding under the Infrastructure Stimulus Fund.

Project Title	Federal Contribution	Provincial Contribution	Total Eligible Costs
Corporate Roofing	$298,000.00	$298,000.00	$894,000.00

You are encouraged to get this project underway as soon as possible to ensure that it is completed by the March 31, 2011 deadline and enable the community to reap the benefits from this additional stimulus investment. If you require a deadline extension to October 31, 2011 for this project, it must meet eligibility requirements and you must submit an application for the extension as outlined in the letter from the Infrastructure Stimulus Fund Management Committee dated December 21, 2010.

As of December 16, 2010, the eligible costs associated with this project are reimbursable. These costs will be reimbursed once your existing Contribution Agreement has been amended and signed by all parties.

Over the coming days, staff from the Canada-Ontario Infrastructure Secretariat will work with you to amend your existing Contribution Agreement to ensure these funds can be reimbursed quickly and without delay.

This entire process has been one of partnership and collaboration between all three levels of government. We look forward to working with you on the implementation of this project.

Sincerely,

Chuck Strahl
Canada's Minister of Transport,
Infrastructure and Communities

Bob Chiarelli
Ontario's Minister of Infrastructure
